

If you are interested in joining an exciting company within Europe's largest industry, then **SF Engineering** may be right for you. As one of Europe's leading manufacturers of products and solutions for the global food industry, a career at SF is beyond what you would expect. At SF we realise that our employees are one of the keys to our success. We look for individuals who share our passion to succeed. As a leader in our field, we are growing rapidly, and we currently have opportunities for skilled **Welder Fabricators** to join our engineering team at **Grange, Co. Sligo**.

Role:

- Sheet metal work or machine operating
- TIG Welding and Fabrication of stainless steel to high standards
- Conducting quality checks to ensure products meet with customer specifications
- Operation of metal fabrication machinery
- Positive contributions to maintaining a workplace that is healthy, safe, neat and tidy
- Consistent demonstration of fabrication and assembly skills

Person:

- Proficient at TIG welding
- MIG welding an advantage
- Stainless steel fabrication for the Pharmaceutical or Food manufacturing industries desirable
- Experience operating fabrication machinery essential
- Ability to read Autocad/Solidworks drawings essential

Other:

The successful applicants will be required to work on site for Customers as and when the need arises. This may require overnight stays and working away from home weekdays and weekends.
